

Pine/Strawberry Fire Break

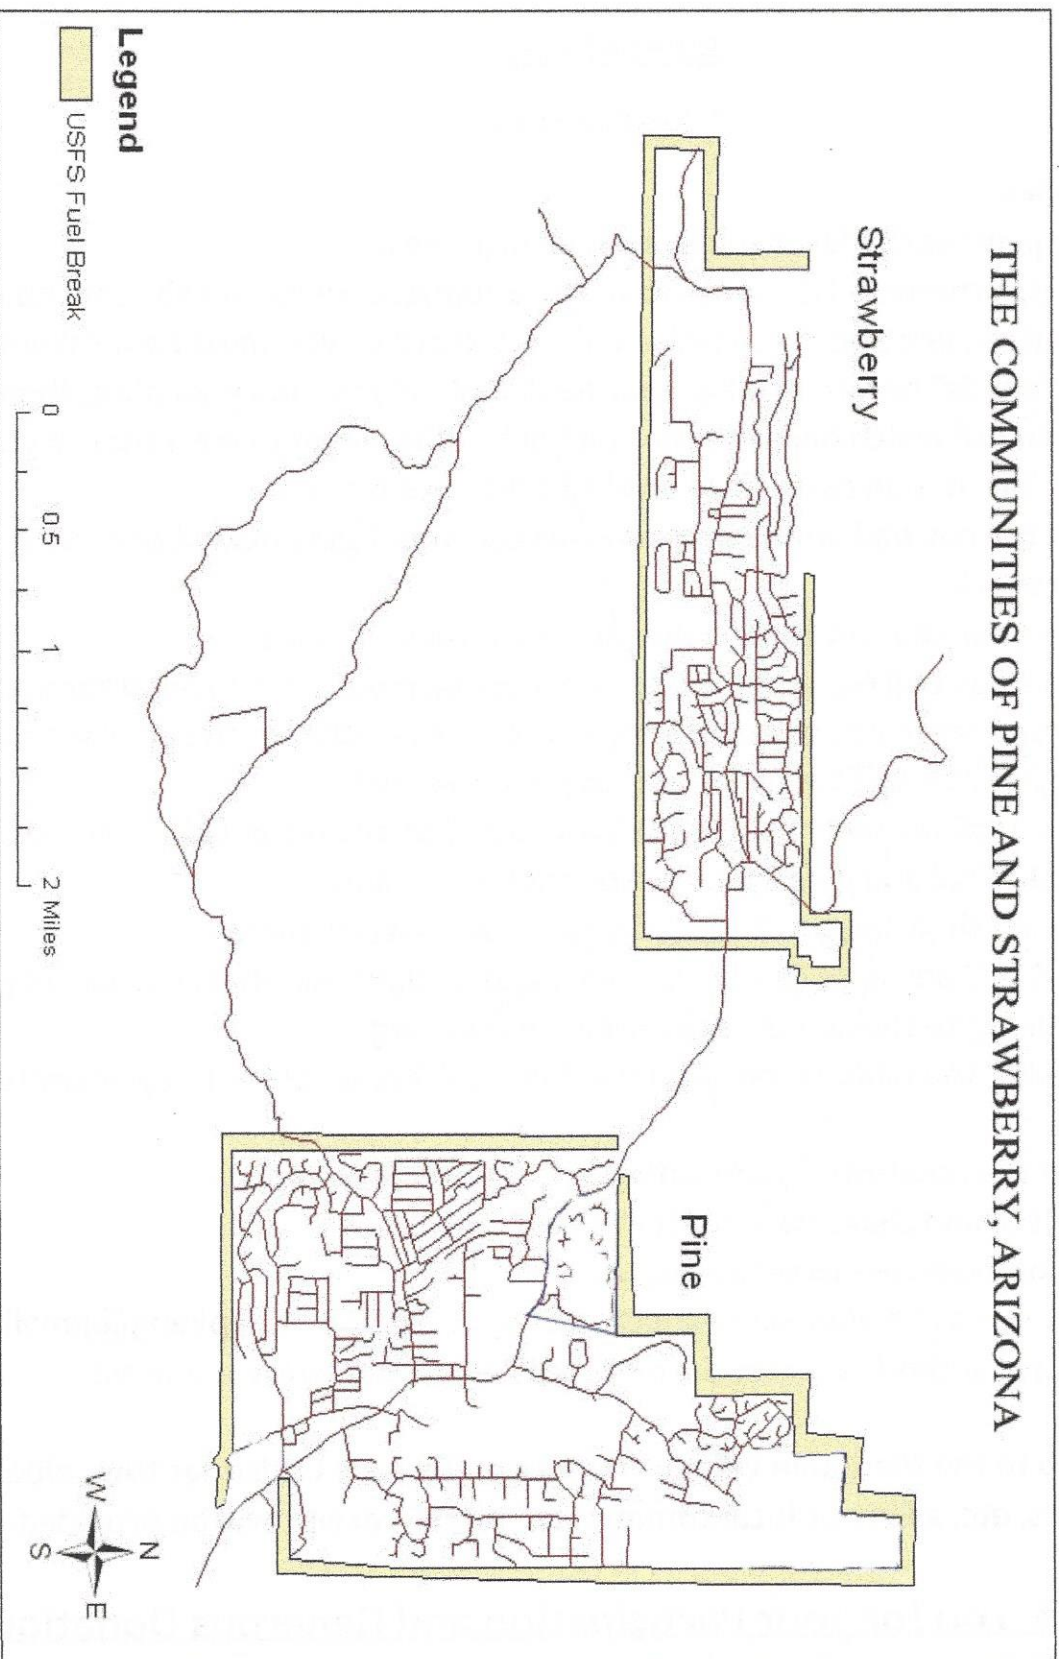

Our First Big Accomplishment:

380 Foot Wide/35 Miles Long - Surrounds our Community

Recognized Best Community/Agency Support in the Country

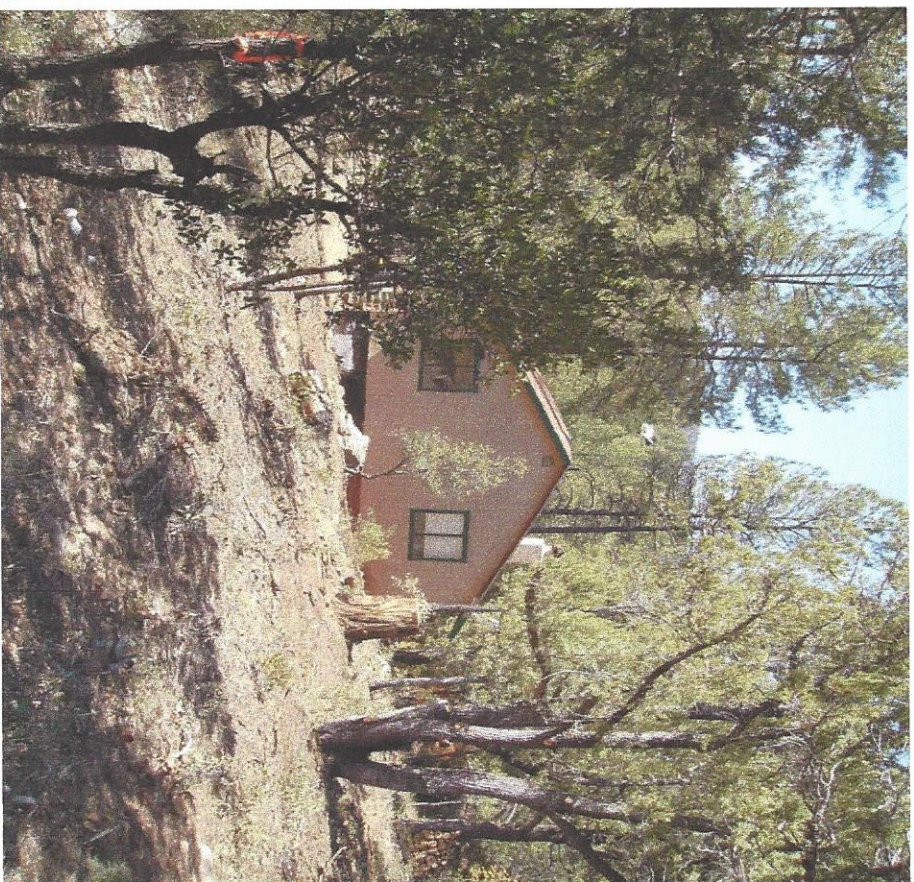

The Firebreak Protects Pine/Strawberry

The Greater Community is Protected But Burning Embers Are Blown by the Wind

You Can Help by FireWising your Property

Property FireWising Guidelines

- Remove Leaf, Needle and Cone Litter
- Prune Lower Branches up off the Ground
- Remove or Reduce Ladder Fuel
- Thin Dense Shrubs
- Remove Dead/ Broken Trees, Branches, Brush
- Thin Dense Trees
- Remove Leaves and Pine Needles From Roofs

Your Property Should Look Like A Park
